## GOOD ROADS CAR AT HOME AGAIN

Remarkable Tour Made Through Southside Section of Virginia.

## PLENTY OF MONEY FOR ROADS

Ten Millions Said to Be Ready for Road-Building Bonds.

The Times-Dispatch good roads and industrial car, in charge of the industrial editor, reached home at 11:30 yesterday, after a two-weeks' tour of the Southside section of the State. This has been perhaps the most remarkable excursion that any automobile has ever taken in this country. The experienced newspaper man in charge of the car was instructed to take it to what may be termed the backwoods, to view the country and the roads, to stop at every cross-roads where two or three might be gathered together, and to hold impromptu good roads meetings, to address the people on the subject of good roads and to get their views on the all-absorbing topic. Right bravely did the car and the men who were aboard of it tackle this very difficult, dangerous and laborious assignment. The car penetrated country roads, byways and cross-sections that no other car ever attempted to penetrate.

## JUSTICE JOHN FAILS TO ATTEND BIBLE CLASS

Watermelons Are Cut by Jim Phillips in Absence of King Bee of the Hive—Mayor Richardson's Speech Called Off.

With very few members of Justice John's Bible class present, George McD. Blake paid the penalty of his misjudgment in things political yesterday afternoon at William Byrd Park, when at his expense twenty-five huge watermelons, the best that could be purchased from Hanover county, were slashed open for the benefit of those who placed their money on Judge Mann instead of Harry St. George Tucker. Mr. Blake, early in the campaign, lined up with Tucker, and agreed to produce the melons if Tucker was defeated. It happened that he delivered the goods yesterday afternoon.

Though the watermelons were as luscious as could be wished for, and the crowd consumed almost all of them, there was great disappointment. Justice John, the main "gazelle," could not be there. Neither was there any sign of Mayor Richardson or of Captain McCarthy, who were to debate the question, "Resolved, That a melon is a better bird than the egg."

W. S. Gunn, who was to take the place of the dispenser of justice in case Judge Crutcheff could not come, was also out of the city. Benjamin F. Polk, a farmer of Camden, was not to be found, and Rolfe Glover, who is one of the most punctual members of the class, was out of the city.

So, after a wait of many minutes, it was decided that the few members present should go in and make war with the melons without the promised speeches. Jim Phillips got busy and distributed the slices among members of the class, and several small boys were glad that the oratory was out of their way.

Bill Crenshaw, a man well known as a speller, was called upon, but because there was no one to oppose him refused to take the stand. Disappointment was great, but the few who did not come across with their prepared "impromptu" speeches, but this did not lessen the enjoyment of the watermelons. After all the red heads had been consumed, the few faithful ones who attended and ate more than their share, made their way home to spend a night full of the horrors of indigestion.

Some Freaks of Nature. CAPT. CHARLES, VA., August 25.—C. W. Lord, a farmer of Camden, has a few freaks of nature on his Jones Neck farm.

A few days ago a black mare gave birth to a mule colt that, instead of hoof, feet, had four hands, each with fingers. The colt was perfect in every other way and very healthy, but it could not stand up, and died three days after birth. The other freak, which is still living and likely to hop along in life instead of walk, is a young guinea hatched with only one leg and no sign of the second one. It is likely that Mr. Lord will present these freaks of nature to some museum.

Historic Residence Damaged. (Special to The Times-Dispatch.) WINCHESTER, VA., August 25.—The Jacob Thacker, a farmer near Staunton City, this county, one of the oldest and most historic residences in this section, was badly damaged by fire last night, and the family had a narrow escape from being burned to death. The loss is covered by insurance.

## FOR THE KIDNEYS

A Guaranteed Treatment. Money Back If It Fails.

Kidney diseases are more prevalent than is generally supposed, and are not always recognized as such. What was at first but a slight derangement of the kidneys often results in indigestion, rheumatism, anæmia, chronic and very painful headache, neuralgia, eye weakness and other diseases of a most aggravating type. Therefore it is highly important and absolutely necessary that the kidneys and the urinary system be kept in an active and healthy condition.

After a thorough experience with the most successful forms of kidney treatment, we are confident that the one remedy which embraces the most desirable, safe and efficacious curative qualities, so necessary to the successful treatment and positive eradication of kidney diseases in general, is Rexall Kidney Remedy.

We are so positive that Rexall Kidney Remedy is unexcelled, and that it will do all we claim, that we will sell it with our own personal guarantee that it shall not cost the user a cent if it should fail to give entire satisfaction.

It is particularly recommended for kidney ailments that are chronic and which resist ordinary treatment. We believe, if taken according to directions with regularity and persistence for a reasonable length of time, it will positively remove all symptoms and effect permanent relief.

Surely we could not more strongly demonstrate our faith in Rexall Kidney Remedy, and our generous guarantee should convince the most skeptical that we would not dare make such a statement except we knew what we were talking about. We urge you to try Rexall Kidney Remedy at our risk. Two sizes, 50 cents and \$1.00 a bottle. The Polk Miller Drug Co., the Rexall Store, 324 East Main.

Many Men Spoken Of for Census Supervisor in Eighth District. (Special to The Times-Dispatch.) ALEXANDRIA, VA., August 25.—Following the publication of the report that Robert Frazier, of Warrenton, Va., is about to land the position of supervisor of census for the Eighth Congressional District, politicians are becoming more and more active to fight the matter out to a standstill.

It is said that the supervisor of the census has within the past twenty-four hours been deluged with applications for the position.

So strong is the pressure which is being brought to bear that the indications are that the plum will fall to a "dark horse."

Besides the candidates already mentioned it is stated today that two other applicants are after the position. They are said to be Albert Fletcher, Jr., and Colonel Grenville Gaines, both of Warrenton, Va.

Mr. Fletcher was the assistant supervisor for the last census taken in this district, being under Supervisor R. H. Campbell, one of Warrenton.

As stated, the other candidates are Robert Frazier, Warrenton; Raleigh T. Green, Culpeper; Edward Walton, Fairfax.

It is understood that Mr. Walton says he has the backing of Representative Slamm, Mr. Frazier is, however,

Lynchburg is Probable. CHATTANOOGA, TENN., August 25.—A telephone message to the sheriff's office from near the fact of Walden's Ridge says that an unknown negro attempted criminal assault on a white woman late this evening. Disputes with dogs were sent to the scene. A negro posse is searching for the woman, and a lynching is probable.

ASHEVILLE, N. C., August 25.—The formal order in the case of S. Morgan Smith against the Rockingham Power Company, Knickerbocker Trust Company and W. H. Browne and W. A. Leland, as receivers of the Rockingham company, was signed by Circuit Judge Pritchard today. The decree directed the confirmation of the sale of the hydro-electric property of the Rockingham company at Biewitt's Falls, on the Yadkin River, for \$1,000,000 to the reorganization committee.
